SECTION I – INTRODUCTION

1.1 Introduction

The Early Learning Coalition of Duval, Inc. (the Coalition) invites qualified learning management system companies to submit proposals for providing easy to use and cost effective childcare software for child care facilities in Duval County as described in the Scope of Services. In order to be considered, written proposals using the format described herein must be received by 4:00 P.M. Eastern Standard Time on February 7, 2019, at the Early Learning Coalition of Duval, Inc. office at 6500 Bowden Road, Suite 290, Jacksonville, Florida 32216.

1.2 Background

In 1999, the Florida Legislature passed the School Readiness Act. The Act created the Florida Partnership for School Readiness. In addition, the Act called for the creation of local school readiness coalitions whose goals were to improve the readiness of children when they enter school.

With specific membership designated by Florida Statutes, 57 School Readiness Coalitions were formed throughout the state covering all 67 counties.

In 2001, the Florida Partnership for School Readiness was transferred from the Executive Office of the Governor to the Agency for Workforce Innovation for administrative purposes. The funds for the Pre-Kindergarten, subsidized Child Care, Even Start, First Start, Migrant Pre-Kindergarten, and other programs were managed by the Agency for Workforce Innovation and distributed through the local coalition.

In early 2005, the State passed Voluntary Pre-Kindergarten (VPK) legislation, which placed local responsibility for the VPK program with the local school readiness coalitions. The Coalitions have been renamed “Early Learning Coalitions” to reflect their greater role in meeting the early care and education needs of children and their families. To date, through the merging of Coalitions, there are now 30 Early Learning Coalitions throughout the state. Coalitions now fall under the direction and funding of Florida’s Office of Early Learning (FOEL), a part of the Florida Department of Education.

The Coalition is charged with assessing the early care and education resources available in our community and developing local plans to address identified needs of children and their families. The Early Learning Coalition of Duval, Inc. plans, funds and administers a system of services designed to help ensure that children are ready for school when they enter kindergarten. In addition, the Coalition helps give parents support services to enable them to be stable and strong.

The Coalition’s budget for School Readiness and VPK combined is over \$56 million. We normally have between 500 and 600 active providers. This budget is funded by a mix of Federal, State and local grants. The Coalition is charged with using this funding effectively and efficiently to achieve program goals.

1.3 Statement of Purpose

The objective of this Request for Proposal (“RFP”) is to identify an early childhood management software with expertise in check-in, check-out processes, reporting, enrollment management, and accounting. The intent of the RFP is to select an independent certified company to provide a high level service at a reasonable cost to the Coalition.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

The Pro-Children Act of 2001, 42 U.S.C. 7181 through 7184, imposes restrictions on smoking in facilities where Federally-funded children's services are provided. HHS grants are subject to these requirements only if they meet the Act's specified coverage. The Act specifies that smoking is prohibited in any indoor facility (owned, leased, or contracted for) used for the routine or regular provision of kindergarten, elementary, or secondary education or library services to children under the age of 18. In addition, smoking is prohibited in any indoor facility or portion of a facility (owned, leased, or contracted for) used for the routine or regular provision of federally funded health care, day care, or early childhood development, including Head Start services to children under the age of 18. The statutory prohibition also applies if such facilities are constructed, operated, or maintained with Federal funds. The statute does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, portions of facilities used for inpatient drug or alcohol treatment, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 per violation and/or the imposition of an administrative compliance order on the responsible entity.
